

CALL FOR PAPERS
19th Annual Dynare Conference on
Heterogeneity and Nonlinearities in Macroeconomics

Helsinki, Finland
June 5–6, 2025

The 19th Annual Dynare Conference will be held in person in Helsinki, Finland on June 5–6, 2025. The conference is organised by the Bank of Finland together with DSGE-net, and the Dynare project at CEPREMAP. The conference's special theme is **Heterogeneity and Nonlinearities in Macroeconomics**.

The keynote speakers will be [Matteo Iacoviello](#) (Federal Reserve Board) and [Leonardo Melosi](#) (European University Institute, as of June).

We invite submissions of theoretical, empirical, and quantitative research on macroeconomic topics. Following this year's special theme, we are particularly interested in contributions that explore heterogeneity and non-linearities in quantitative macroeconomic models. We encourage the use of diverse software tools beyond Dynare.

All papers should be submitted via the [submission form](#). **The deadline for submissions is March 16, 2025**, and notifications of acceptance will be sent by April 11, 2025. There is no fee to attend, lunch on both days and a conference dinner will be provided. Authors of accepted papers will be responsible for their airfare and accommodation.

Scientific committee: Stéphane Adjemian (Université du Mans and Dynare Team), Johannes Pfeifer (Universität der Bundeswehr München and Dynare Team), Annukka Ristiniemi (European Central Bank), Juha Kilponen (Bank of Finland), Esa Jokivuolle (Bank of Finland) and Markus Haavio (Bank of Finland)

For inquiries, please contact conference@dynare.org and on local organisation, please contact Riikka Virtanen, riikka.virtanen@bof.fi.
